MESSAGE

I am pleased to know that Delhi Paramedical & Management Institute (DPMI) is one of the pioneer institutes imparting skill based technical education in the field of Paramedical Sciences since 1996.

Paramedics are the backbone of the health care sector across the world. I am aware that due to immense awareness regarding healthy well being amongst masses the demand for paramedics is increasing each year and it is indeed encouraging that DPMI, with its noble intent of providing paramedical education to the youth is taking concrete steps to take this mission forward.

I convey my good wishes to the management, students and faculty members for their bright future and hope to see more DPMI students helping in aiding to alleviate infirmity and diseases and bringing back happiness and good health to the patients in hospitals, nursing homes and diagnostic centres across the country.

I am happy to know that DPMI is publishing a Newsletter on the importance of Good Health and Skill Education in the Development of the Youth, based on the last 23 years of knowledge and experience in the field of Healthcare and Paramedical sciences. I would like to convey my best wishes to DPMI for the success of their greatly promising and informative healthcare Newsletter.

MESSAGE

I am pleased to learn that Delhi Paramedical and Management Institute is bringing out a Newsletter on the importance of good health and skill education in order to ensure the development of the youth. The institute has been offering vocational programme respectively in the field on paramedical sciences and hospital management.

2. I do hope that the upcoming Newsletter will include all information on the importance of good health and skill education. The skill education in accordance with Skill India initiative of Hon'ble Prime Minister Shri Narendra Modi ji, has been empowering youth and other sections of the society who are committed to bring a positive change.

3. Please accept my heartiest best wishes for the publication of the newsletter.

Dr. Naresh Trehan
Chairman and Managing Director
Medanta, The Medicity Hospital
Gurugram (Haryana)

There is a lot of scope for Paramedical Science in India & abroad.

Today many hospitals in the United States of America are being run by Paramedical Personnel.

Dr. Arvind Lal
Chairman & MD
Dr. Lal Path Labs Pvt (Ltd)

Paramedical Sciences are the backbone of Healthcare sector as paramedics are the first step to correct diagnosis.

India needs a phenomenal number of paramedics to cater to our large population and I am certain DPMI will bridge a lot of this gap.

MR. SIRESH SAXENA
Vice President (Hotels) ITDC

"You are all soon going to enter a very dynamic and interesting industry that is full of opportunities across the arms of the trade. Not just hotels, but today almost the entire service industry needs hospitality professionals. Kudos to DPMI for offering Hotel Management programs to the young budding students".

Message

Ms. Poonam Bachheti
Vice Chairperson & MD

Dear Aspirants,

With immense pleasure, I welcome you all to the DPMI Campus. DPMI is a leading institution in India for vocational studies in paramedical sciences, tourism and hospitality studies. At DPMI, we primarily believe in the commitment towards providing quality academics, as the imperial value of freedom can only be realized through education that helps in the exploration of new horizons. We aim at creating an environment where innovation and creative enterprise will flourish to establish the highest standards in the Indian and International scenario. DPMI emphasizes on training the students keeping in view, Employability and Placement in reputed organizations, Personality and Skill Development, empowering the students and young professionals, as per the industry norms. At DPMI, extensive training is conducted in all programmes taught by a team of well educated, experienced and dedicated Faculty.

DPMI established in Sept. 1996, is a co-educational institution, catering to students from all walks of life. The students and faculties are directly and efficiently engaged in direct service to the community. Many of our students have participated in community healthcare services like, Tuberculosis, HIV, AIDS, Malaria Awareness Programmes, Health check up camps, Eye check up camps, First AID and Basic life support workshops and distribution of Dry-Ration, Medicines, Oxymeters and Thermometers, to the needy, they have taken the difficult times in their stride and I believe that good days are ahead. I congratulate our teachers who, in spite of all hardships, ensure that the teaching process goes on uninterrupted. They have contributed

immensely in successfully conducting the online classes and examinations.

Backed with the legacy of 25 progressive and successful years, DPMI has been imparting life skill training in Healthcare and Hospitality sectors to create employability skills among youth, so that they can be groomed as a force of transformation for the nation by skill building while ensuring them a good livelihood and a lucrative career option in their respective fields. It is our collective Dream, Aspiration and Hope for all our young aspirants that strongly resonates in our motto "Come Reach The Skies With Us."

I am certain that studying at DPMI will provide you with value based education and conducive environment with a vast set of life skills to pursue your passion and make this world a better place to live in. Our mission is to create an equal opportunity for all students and develop leaders in the healthcare system in sync with Skill India Mission. At DPMI, emphasis is placed on industry internships and placements to fulfill our vision of Bridging the Skill Gap in the Healthcare and Hospitality sectors. It is also our constant endeavor to make our students understand the importance of being kind and compassionate towards each other. The COVID-19 Pandemic has led to inevitable focus on the care of patients and the society. The need to train future allied Health professionals has never been as urgent as in the present crisis.

DPMI in the Media

Dr. Aruna Singh
Principal DPMI (Delhi)

I have great pleasure in expressing my thoughts as the Principal of DPMI. Our organization holds the manifold distinction of being amongst the best when one considers the present status of Vocational education today. We pride ourselves on being the institute which provides the right academic and quality based technical platform where the students can acquire that elusive spirit of Professionalism and Leadership.

The mission of DPMI is to provide excellent knowledge as well as rigorous training that will prepare the students to meet the professional and scientific challenges that will dominate the 21st century. The highest caliber faculty and high class education all serves to attract the most deserving students to this Institution.

I am confident that DPMI is uniquely positioned to produce well trained professionals that possess the skills, knowledge and leadership qualities, and most of all, innovative capabilities.

While it is important to acquire knowledge, let us not forget that it is our responsibility to make it useful to the society. In this respect, not only the medical care but also clinical innovations are important. The entire team of DPMI will endeavour to make the institute capable of meeting the industrial growth demand. This is a challenging task and can be fulfilled only with teamwork. I seek the sincere support of all those involved with this premier Institution to make this Institute a dream Institution.

I welcome you to this unique family and look forward to your valuable association with us for a better tomorrow. Your experience at DPMI will not only earn you a degree/ diploma but also will transform your personality, empowering you to lead a successful life.

Hon'ble Dignitaries

About DPMI

DPMI Vocational Institute, popularly known as DPMI, works under the aegis of PMTS of India & is registered in Delhi under SR Act 1860, Section XXI. The Institute has successfully completed 26 years in the field of imparting skill based technical education to the youth. The core intent of DPMI is to promote Paramedical Health Education, Hotel Management, Catering Technology, Tourism sectors in our country. It aims at providing quality education with advanced programs encouraging the students to think in a creative manner and eventually creates a pool of well-trained professionals.

Approvals & Memberships

DPMI is managed by PMTS of India and functions under its able leadership and guidance. The organization is registered in Delhi under SR act XXI of 1860 in September 1996.

NSDC works under Ministry of Skill Development & Entrepreneurship (MSDE), Government of India, it aims to promote skill development by catalyzing creation of large, quality and not for-profit vocational institutions. It's mandate is also to enable support system which focuses on quality assurance, information systems and train the trainer academies either directly or through partnerships.

The main objective of the Vocational Education Program of NIOS is to meet the need for skilled and middle-level manpower for the growing sectors of economy, both organized and unorganized.

QCI under the Department of Industrial Policy and Promotion, Ministry of Commerce and Industry was designated as the nodal point for all matters connected with quality. It has been established to create a mechanism for independent third party assessment of products, services and processes. It plays a pivotal role at the national level in propagating, adoption and adherence to quality standards in all important spheres of activities including education, healthcare, environment protection etc.

The Federation of Hotel & Restaurant Associations of India, often known by the acronym, FHRAI, is the Apex Body of the four Regional Associations representing the Hospitality Industry. FHRAI provides an interface between the Hospitality Industry, Political Leadership, Academics, International Associations and other Stake Holders. FHRAI is committed to promote and protect interests of the Hospitality Industry.

DPMI adopts flexible, market-oriented learning modules, that are marked by several distinctive features that set them apart from other run-of-the-mill vocational programs

1. The curriculum is constantly upgraded and improved with feedback and inputs from industry professionals, in tune with actual industry requirements.
2. To reinforce the students learning further, classroom teaching is supplemented with practical training, for which DPMI provides excellent infrastructural support, in the form of state-of-the-art equipment and teaching software.
3. As Good communication is essential for becoming work-ready, the trainees are put through rigorous spoken english and work-readiness modules, which help them understand pulse of the industry they are getting into and exhorts them to constantly strive for advanced learning opportunities.
4. Classroom training is followed up with on-the-job apprentice training, which confers a two-fold benefit – the students gain useful work experience by honing their untapped potential / skills, while the employers can mould the trainees to their organizational job requirements before absorption.
5. DPMI facilitates self-exploration by the trainee of his / her inner potential, by devoting exclusive life-skill sessions that include self-evaluation exercises and group / industry interactions that are aimed at better equipping the trainees to face industry challenges.

Career Prospects

Medical Lab Technician

Medical Laboratory technicians examine and analyze body fluids, tissues, blood typing, microorganisms, screening, chemical analysis, cell counts etc. of the human body. They play an important role in collecting information needed for treating most pathology cases by sampling, testing, analyzing and reporting such investigations.

X Ray Technician /Radio Imaging Technician

Working in the Radiology Department in Conducting, X-Rays, doing Ultra-sonography, CT Scans, ECGs and MRIs in stand-alone X Ray labs or hospitals, nursing homes or clinics.

Operation Theatre Technician

Sterilizing/ Cleaning all instruments in the OT and maintaining utmost hygiene in the OT. Assisting the Doctor/Surgeon in all equipments required for Surgery before, during and after the surgery.

Emergency Medical Technician

Assisting the Emergency Department of Hospitals/clinics/Nursing Homes in First Aid of Patients.

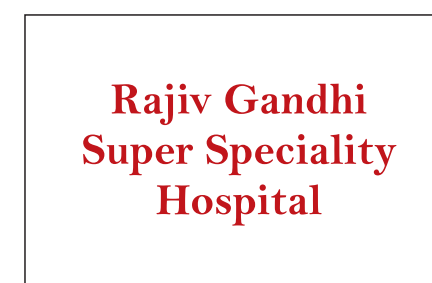

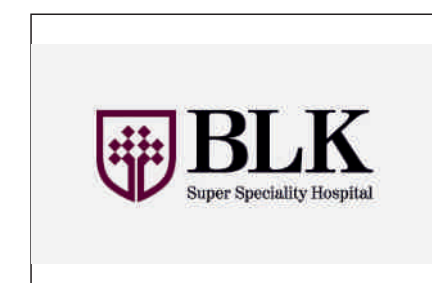

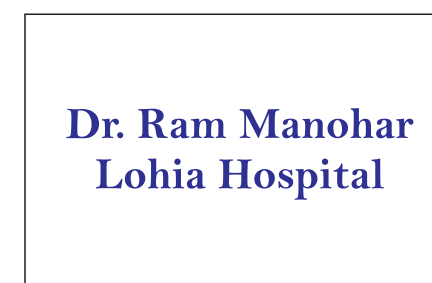

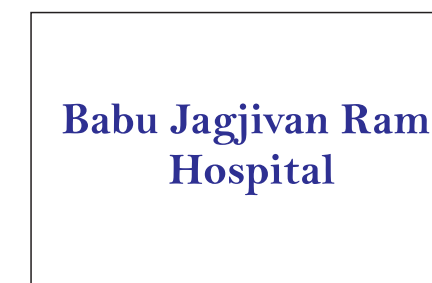

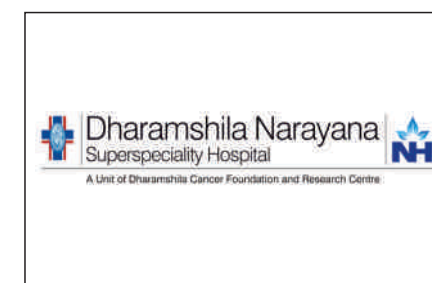

Accompanying the patient in Ambulances while reaching out to the hospital.

General Duty Assistant

It is one of the most well-known paramedical professions which is a vital part of medical care. In the hospital, from general ward to the operation theatre. Nursing is an essential component of the healthcare system.

Training & Placement Department

DPMI has an in-house Training and Placement Department that continuously works to get students trained & placed in the best organizations.

Eligible students are sent for internship to various organizations by the department of T&P to offer students an insight into the professional life and to learn from real life situations during the duration of training /internship.

Special grooming classes are organized for the students on regular basis, as our motive is to develop effective communication skills among students to enhance their personality and make them ready to face interviews. We have well qualified faculty to train students and to enhance their personality.

We prepare our students by providing soft skills, personality development, aptitude test, group discussion and personal interview training with the right talent and personality to face the industry needs effectively. Through this comprehensive program our students are meeting and living up to the industry expectations.

Career Prospects in the Dept. of Hotel Management

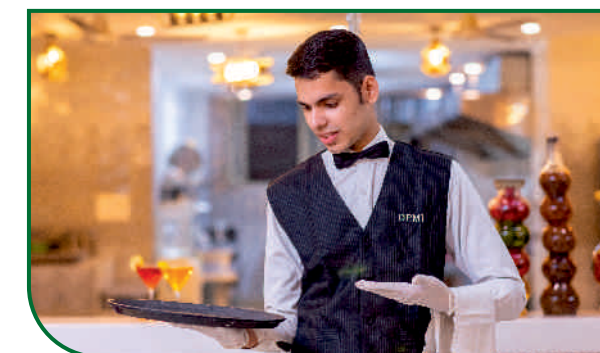

Front Office Operation

A hotel front desk agent represents the first point of contact with guests and handles all stages of a guests stay that involves registering/booking guests in and out of their rooms, verifying a guests method of payment and run a background credit check, while accommodating any special requests.

F & B service

Food and Beverage Servers are customer service professionals that work for restaurants, cocktail bars and other establishments. Food and beverage Servers perform tasks, such as setting up tables, removing used dishes and preparing simple dishes.

Housekeeping

Supervise work activities to ensure clean, orderly and attractive rooms in hotels, hospitals, educational institutions and similar establishments. They are responsible for cleaning corridors, lobbies, stairways, elevators and lounges as well as guest rooms. Organize work schedule from the room status list, arrivals and departures.

F & B Production

Food Production is a department which is involved in preparation of food. A process, in which raw materials are cooked, combined and transformed to make a dish.

Hotel Management

Hotel Management refers to the management of everything related to the hotel industry that includes administration of hotel, catering management, operation, marketing, promotion, account keeping and housekeeping. It also provides career in cruise management, airline catering management, club management and guest house management.

OT Lab

OT lab of the institute is fully equipped with latest instruments and equipments for practical training.

Computer Lab

DPMI has a state-of-the-art fully air-conditioned Computer lab with 60 computer system with the latest configuration.

Seminar Hall

Guest lectures and seminars are organized for the students from time to time by industry experts.

Infrastructure

The classrooms & lecture halls are fully furnished with state-of-the-art technology to be at par with global standards.

Practical Laboratories

The institute has an adequate number of well-equipped computerized medical laboratories with latest equipments for industrial practical training of the candidates, the institute is also attached with several diagnostic centers & well-equipped hospitals and nursing homes. Training starts under the guidance of highly qualified faculties.

Library

The library is based on modern set up which supports study and reference books. Compact disc audio and video cassettes as well as subscription to various electronics and print periodicals. It is a treasure of resources, students and teachers are encouraged to contribute by giving suggestions on material to be acquired. Faculty members keep introducing reference material to the library bank.

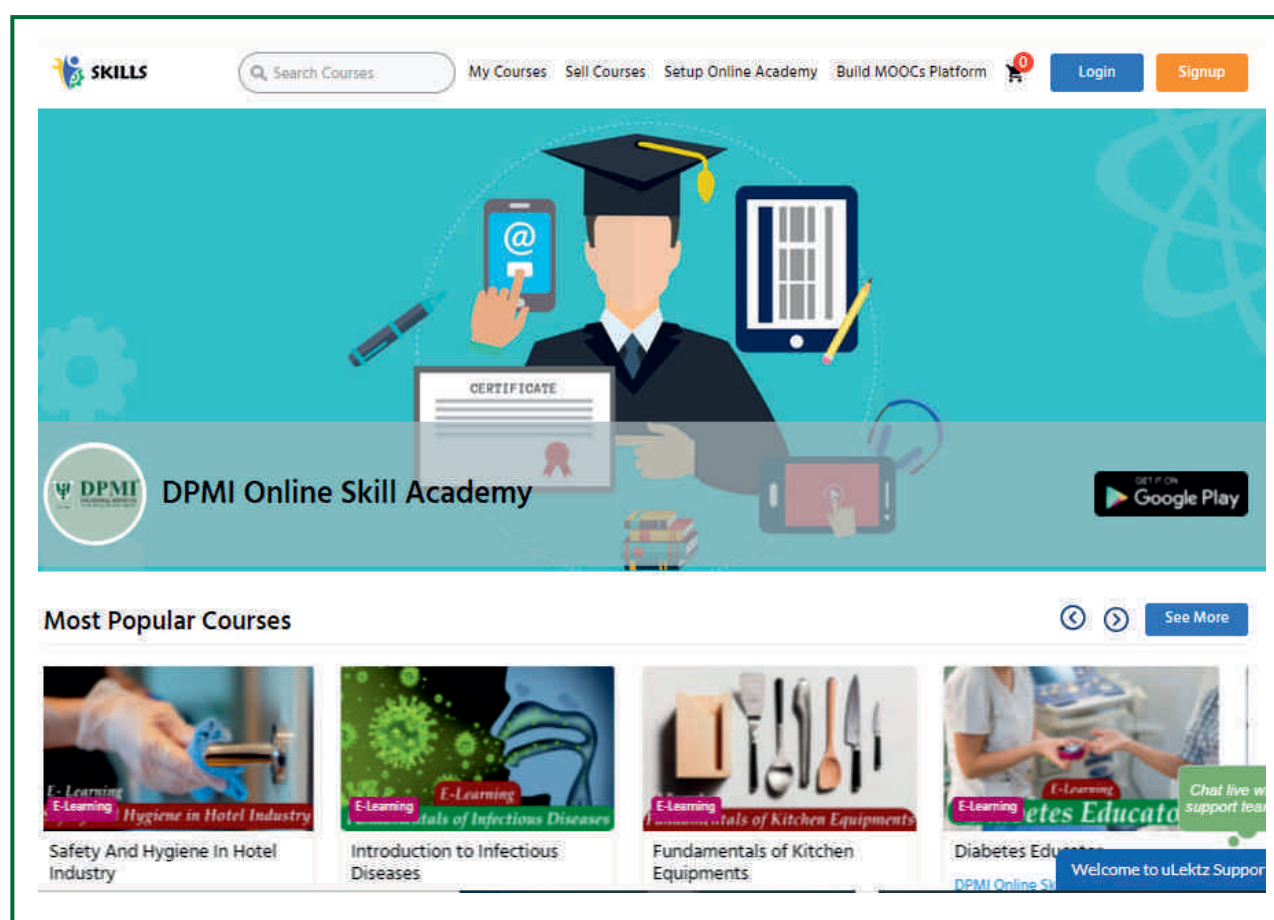

DPMI Online Academy

Any crisis makes room for experimentation & it is time to realise the full potential of technology for learning. In the wake of the Covid-19 pandemic there has been a heightened demand for educational institutions to provide online learning solutions to students.

With this urgent need DPMI launched the online academy on 24th September 2021 with many skill and knowledge enhancement programs related to health & wellness, education, hospitality, general awareness etc.

The DPMI Online academy platform is designed to offer programs for improving academic performance, developing industry-required skills and advancing careers. The DPMI Online Academy provides easy to understand, easy to learn and cost-effective online programs with digitally verifiable certifications.

The screenshot shows the DPMI Online Skill Academy website. At the top, there is a navigation bar with a search bar, 'My Courses', 'Sell Courses', 'Setup Online Academy', 'Build MOOCs Platform', 'Login', and 'Signup' buttons. The main banner features an illustration of a graduate with a diploma, a smartphone, and a tablet, with the text 'DPMI Online Skill Academy' and a 'GET IT ON Google Play' button. Below the banner, there is a section titled 'Most Popular Courses' with a 'See More' button. Four course cards are displayed: 'Hygiene in Hotel Industry', 'Introduction to Infectious Diseases', 'Fundamentals of Kitchen Equipments', and 'Diabetes Education'. A 'Chat live support' button is also visible.
