## About DPMI

DPMI has been offering professional courses since the past two decades in the discipline of paramedical sciences, Mass Communication, Hotel Management, Airlines Tourism & Hospitality Management programmes. The institute is equipped with advanced study courses and was established in Delhi (INDIA) with the objective of providing quality professional education at 10th, 10+2, graduate and post graduate levels for young aspirants in a stimulating environment of independent thinking and innovation in various disciplines of Hotel Management, Journalism & Mass Communication, Aviation & Tourism and Paramedical Sciences. DPMI is focused on value addition to the Programmes that it offers to the student community and provides a unique combination of technical excellence, opportunities, choices and experience. With rapid globalization of all economic activities, it is imperative that students develop a global outlook to become successful in the international arena.

DPMI is managed by the Para Medical Technology Society of India and functions under its able leadership & guidance. The organization is registered in Delhi under Society Registration Act 1860 Section 21. The Institute strives hard to provide market oriented professional education to the students.

## Mission & Vision

To provide career-oriented quality education & training in various streams of professional disciplines in a stimulating environment of independent thinking and innovation to create multi – skilled professionals with careers in technical professions.

**Establishing** an opportunity hub with industry professionals for research, consultancy knowledge exchange and technology transfer.

**Generating** and enabling infrastructure for seamless learning.

**From** a modest beginning to scintillating streak of success. DPMI has come a long way in its journey of evolution as an educational institution of distinction; we provide the right academic and professional platform where you can acquire that elusive spirit of leadership and entrepreneurship.
